One year has passed since our first group show entitled "Rejuvenating Soul" at Artas Gallery which started opening its doors in March 2020.

The unprecedented pandemic had given rise to many challenges to all industry and we were not spared. Who would have expected our lives to take such a dramatic turn suddenly and compelled us to make adjustments under the new norms. These disruptions have propelled us to review our habitual approaches to the creative process, curating exhibitions and welcoming all our loyal supporters.

In celebration of our first anniversary and in overcoming all those challenges, we are pleased to present "BEBAS". It was the experience of little things in life that we often take for granted. It is about our human need for love and interaction. It is about being free. And Freedom is priceless.

This show "Bebas" is about giving us, artists and collectors alike the opportunities to begin our healing process in our respective individual ways. Whilst the fight against the pandemic is not over, we can at least take steps towards that feeling of "Bebas". Slowly but surely.

With that, we would like to express our gratitude to all whom have been instrumental in the birth and growth of Artas Gallery the last 12 difficult months. It is no exaggeration to say that without the help of our friends in the art scene, we could never have done this.

Artas wishes to give special thanks to all the artists who had allowed us to present their amazing works over the last one year. And to all friends of Artas we hope that we will continue to be a part of your art journey in a small and meaningful way. Artas look forward to better times ahead for everyone.

Stay Safe.
